

***Eurobase Banking Solutions showcases its leading
Siena e-Trading Solutions at the ACI World Congress in
Vienna, Austria***

London 1st May 2008 - Eurobase Banking Solutions, a division of the Eurobase International Group, will be exhibiting its market leading Siena e-Trading Solution at the ACI World Congress in Vienna from 29th to 31st May 2008.

Visitors to the ACI Congress will have the opportunity to meet with Eurobase experts at the show and view the Siena e-Trading Solution, comprising Siena Rate Manager, Siena Gateway and Siena e-Trader. These three strategic products are designed to provide banks with the tools needed to maximise revenue generation from e-trading and can be used together as a universal solution or individually in combination with existing in-house applications.

The Siena e-Trading Solution includes:

Siena Rate Manager - an essential real-time application that delivers very high performance rate management functionality including spreading, blending, price skewing, tolerance and volatility checking.

Siena Gateway - a high performance connectivity application used to centrally control and manage streaming rates to multiple portals, channels and execution venues including Bloomberg, Currenex, EBS, FXall, Reuters and 360T.

Siena e-Trader - an intuitive, flexible and configurable browser-based FX and MM e-trading execution platform and order management application supporting one-click trading using Executable Streaming Prices (ESP), RFQ, RFSQ, and Dealer Intervention

Commenting on the significance of the Siena e-Trading suite of products, David Mallinder, Eurobase Business Development Director says, "Eurobase has rapidly established itself as a leading player in the provision of e-trading solutions. This has been achieved via both a product set that offers true differentiation and market leading performance and a project delivery reputation that is second to none. Eurobase offers a complete eTrading solution from rate management, price streaming and portal connectivity to customer trade execution. We look forward to showcasing our products at the ACI event."
