

Statement of Capability

Public Sector

Eurobase People is the recruitment division of the Eurobase International Group, who for the last 10 years have been providing high calibre permanent and temporary recruitment services to Public Sector organisations throughout the UK.

Eurobase People's clients benefit from the Internationals groups financial strength which has been accrued by the strategy of retaining funds within the business to ensure security, long term client partnerships and also allows for investment in technology to continually improve our service offerings. This has allowed us to exceed client expectations in major framework agreements in a cost conscious marketplace, setting us apart from our competitors.

Eurobase People are an established industry leading ICT solutions provider into the Public Sector domain where our core competencies are in the provision of:

- Temporary Recruitment (Limited Company and PAYE)
- Permanent Recruitment
- Executive Search
- Campaign Management
- Managed Services

Our services span across the full range of ICT roles from operations through to board level executives.

We have positioned ourselves in the market to provide superior service by knowing our customer, understanding their business and pressures within their industry, allowing us to provide high quality recruitment services to enhance and support their competitive advantage and profitability.

As a Catalist Plus member we are listed on the Catalist Vendor Database, which is used by the UK Higher Education and Police sectors to source potential suppliers.

Eurobase People have a diverse client base within the Public Sector which includes long-term Framework Agreements, Preferred/Approved Supplier and Managed Service agreements. We have placed candidates into various market sectors within the Public Sector i.e. Local/Central Government, Defence, NHS and Education. Our client list includes Treasury Solicitors (TSol), the Houses Parliament, incorporating House of Commons, House of Lords and Parliamentary Information Communication and Technology (PICT).

In addition Eurobase have worked as a recruitment partner to a number of our clients and have placed IT professionals with security clearance to many highly secure

projects and locations such as the Office of the Deputy Prime Minister, Offenders Management National Infrastructure, Criminal Justice Information Technology and Trusted e-Borders.

Our dedicated Service Delivery team/methodology works to very strict processes and time-scales, standard policy is to carry out full eligibility checks on all applicants from initial passport verification to specific security clearance reference checks and final CRB checking to confirm their ability to work in the UK/EU. Eurobase People's turnaround time for fulfilling client requests for temporary and permanent resources varies depending on the specific requirements in many cases we deliver critical resources in less than 24 hours.

Eurobase People is confident in its proven recruitment methodology, which adheres to industry best practice from traditional search, advertising and database selection approaches, to innovative web-based attraction and recruitment solutions, with consultants who are specialists within the Public Sector.

Eurobase People have all the necessary expertise to fulfil all our existing and new Public Sector requirements with added value in evidence to ensure we place the right people, in the right roles, in the most cost-efficient manner.
